Student Dashboard Guide

Simple user guide with visual examples and step-by-step usage.
[Made by Shreyansh Agrawal - Author & Developer](#) | [Open Author Page](#)

Who should use this guide: Student

Use this dashboard to track your studies, homework, attendance, fees, notices, and important school documents.

1. Main Screen Overview

The dashboard home screen should show only the most important information. Other tools stay inside clear heads/sections in the menu.

- Dashboard with attendance, homework, results, and fee status
- My Classes / subjects
- Homework and timetable
- Attendance and exam results
- Fee status and receipts
- Documents, notices, and messages

2. Phone View

The system is designed to work smoothly on mobile so daily tasks can be managed quickly from a phone.

3. Step-by-Step Common Tasks

Check homework

- 1 Open Homework or see Today's Homework on the dashboard.
- 2 Read the task and due date.
- 3 Complete the work before the deadline.

View attendance

- 1 Open Attendance.
- 2 See your monthly or overall attendance record.

Check exam results

- 1 Open Exam Results.
- 2 Choose the latest result or a previous exam if available.

Check fees

- 1 Open Fee Status.
- 2 View paid, pending, and receipt details.

4. Quick Tips

- Check the dashboard daily.
- Watch your homework due dates.
- Download notices and documents when needed.

5. Need Help?

If you cannot see a menu, card, or action, it usually means your permission for that feature is not enabled. Contact the School Admin for access changes.

This guide is based on the current LBF dashboard structure and is intended to help users understand the portal quickly.
